

## Vegetative Propagation Soil Mixes

**For soil mixture (by volume)**      1/3 Loamy Soil  
1/3 Sand  
1/3 Peat moss or composted bark  
1 quart Fertilizer (dried manure)  
1 cup Lime  
Root Hormone (I already have)

**Nutrient-Rich Mix**                      2 parts compost  
1 part topsoil  
1 part sand  
1 part vermiculite  
1 part perlite

**Soil-Less Mix**                              1part perlite  
1 part vermiculite  
2 parts finely milled peat moss
